Pretty Photoshoot with Bundle of inspiration

At Xzel ,our style follows a documentary approach with direction given when needed. We aim to keep things as relaxed as possible, both in front of the lens and behind the camera. Our passion is to tell stories amidst life's unplanned and spontaneous moments. Be it about a gentle touch, a deep belly laugh, a shared look, overwhelming joy, passion and celebration, we're there to document it all. As you look through your photos, we want to leave you with a feeling; an authentic memory of your wedding day rather than always perfectly positioned hair and a spotless wedding dress. We believe that our wedding photographer would capture the day with as much joy, love and attention as you have put into organising it.

Pre-Wedding Shoot

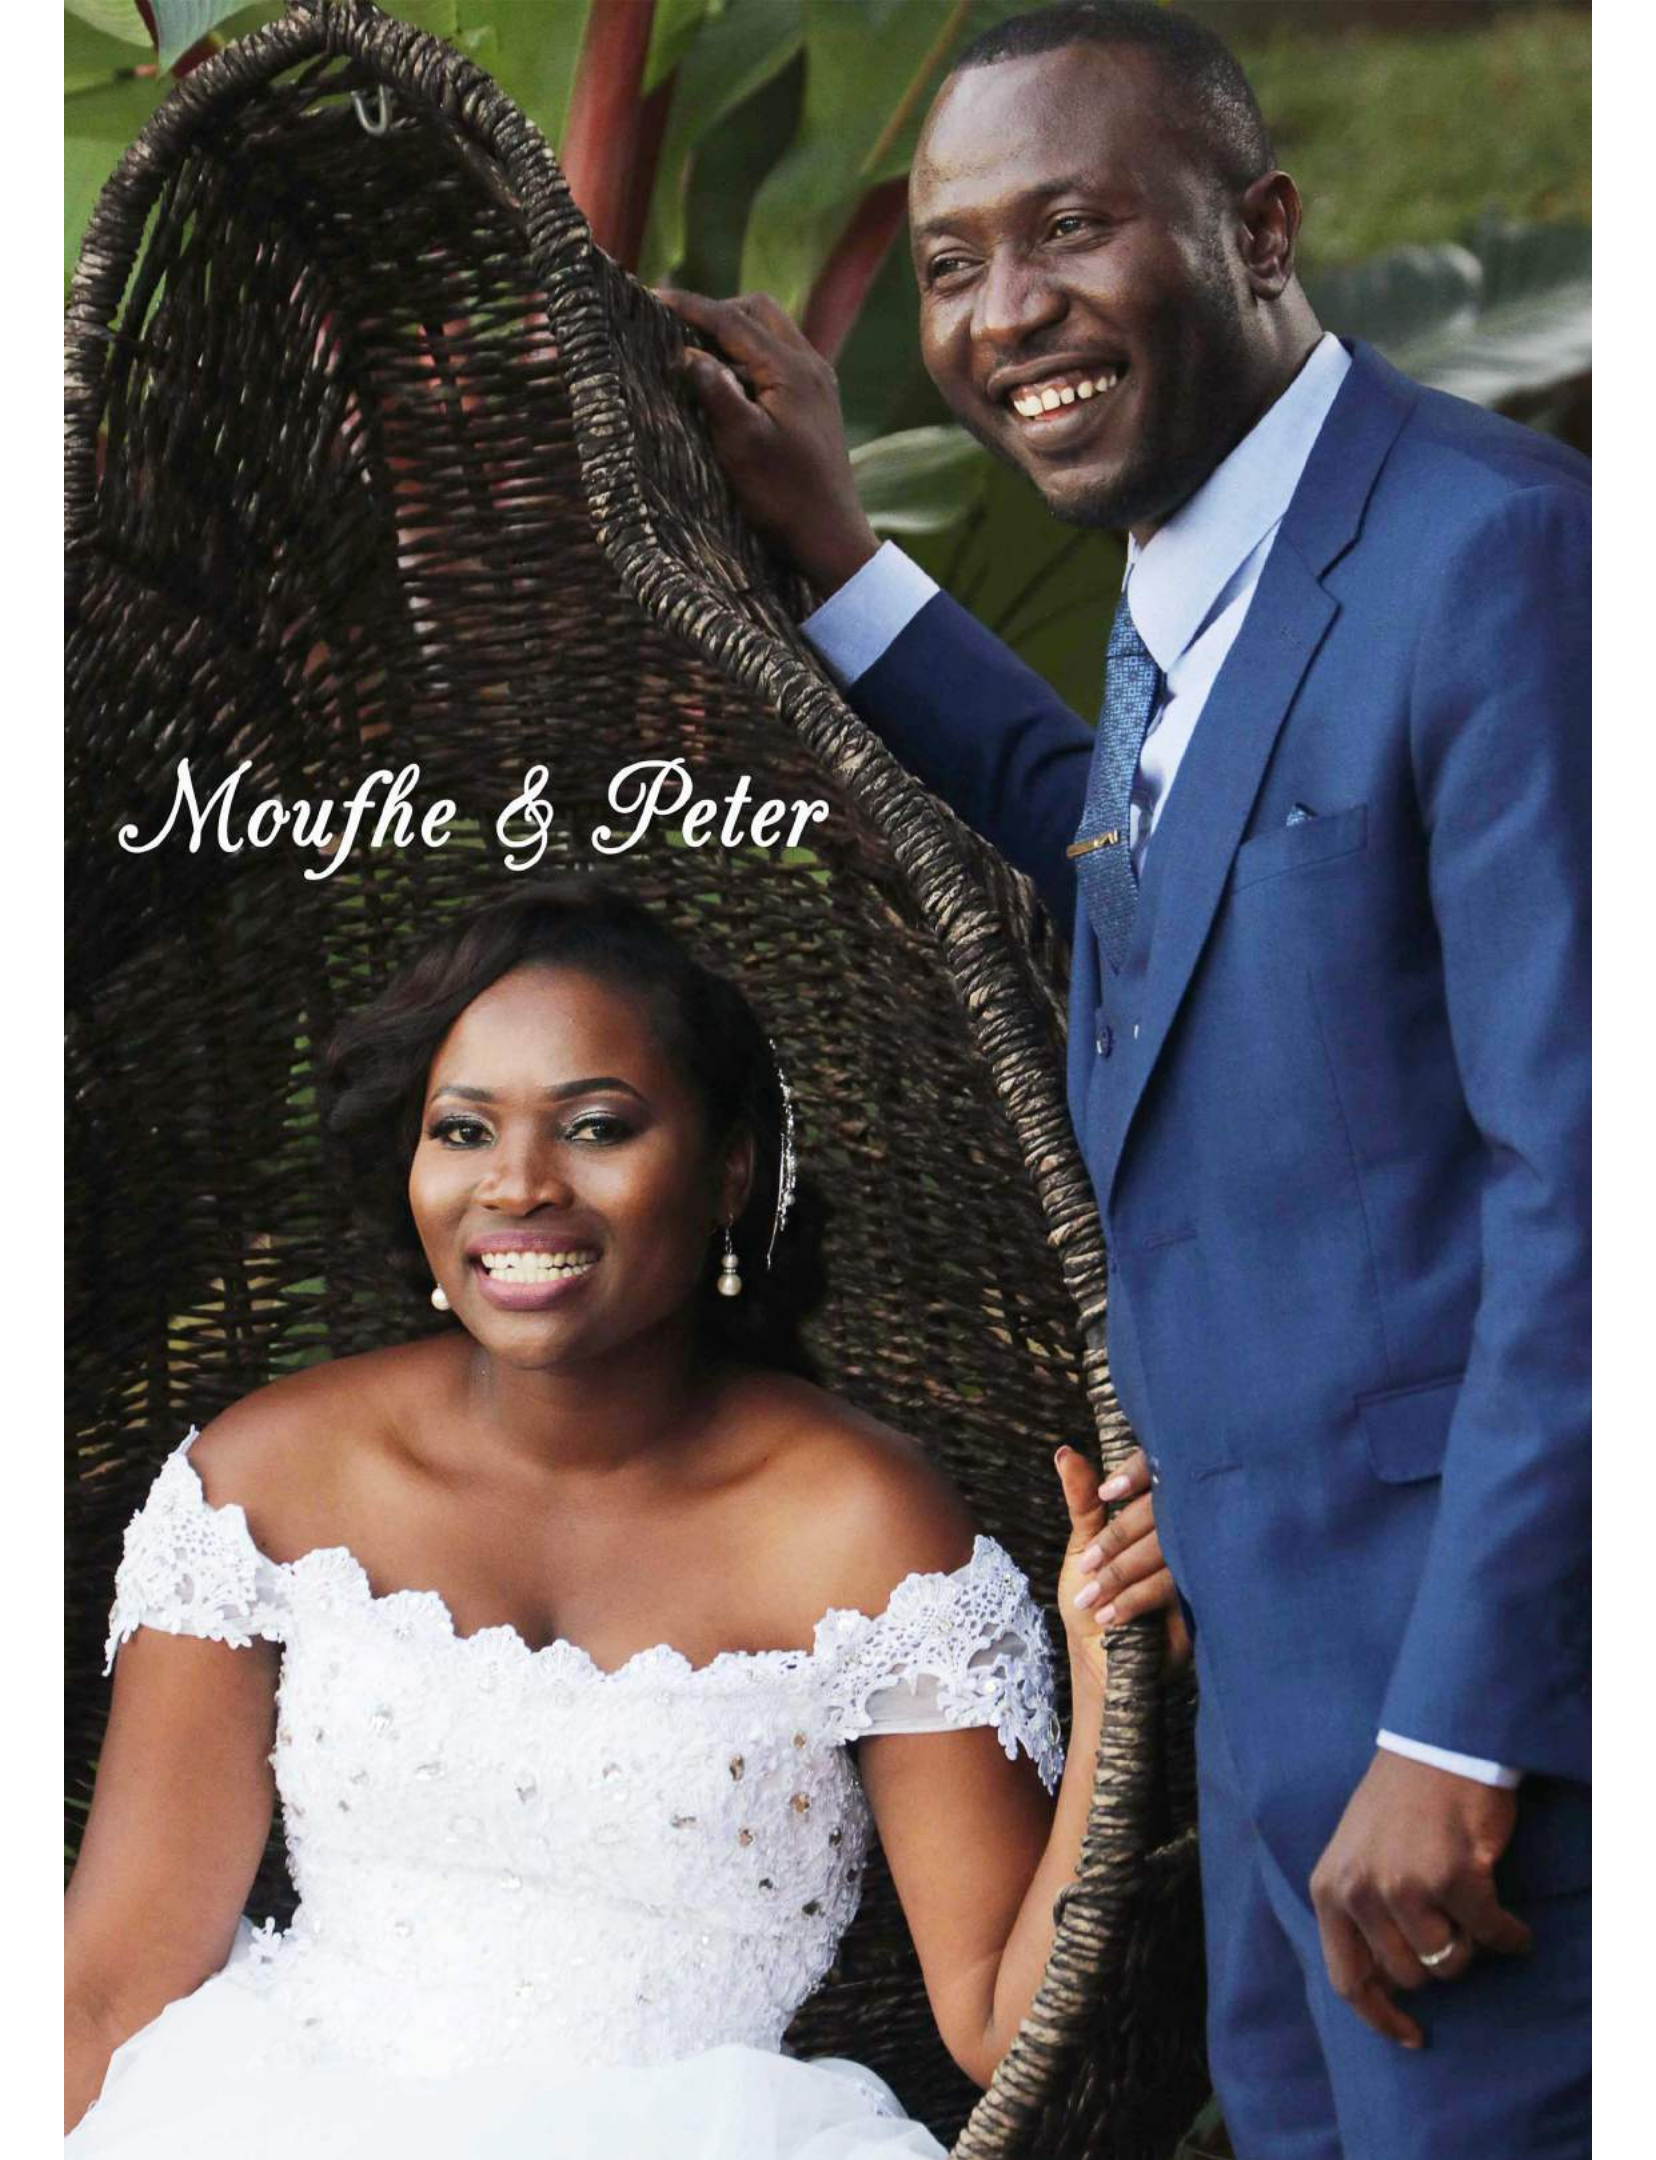

A wedding photograph of a couple. The woman, Moufhe, is seated in a large, dark brown wicker chair, wearing a white off-the-shoulder lace wedding dress and pearl earrings. She is smiling at the camera. The man, Peter, stands to her right, wearing a blue suit, white shirt, and patterned tie. He is also smiling and has his hand on the back of the wicker chair. The background is a lush green outdoor setting with large leaves.

Moufhe & Peter

A romantic pre-wedding photograph featuring a man in a dark suit and a woman in a white wedding dress. The man is carrying the woman on his back, and they are both laughing joyfully. They are standing in a lush green field during the 'golden hour' of sunset, with the sun low on the horizon creating a warm, hazy glow. In the background, a body of water and a line of trees are visible, and another person can be seen walking in the distance. The overall mood is happy and celebratory.
